SUITS FILED.

Galveston, Tex., July 18.—Three
damage suits were filed in the dis-
trict court yesterday, styled Fox Win-
nie vs. Weekes, McCarthy & Co., dam-
ages; Winnie & Featherstone vs.
Weekes, McCarthy & Co., to cancel
notes, and L. P. Featherstone vs.
Weekes, McCarthy & Co., damages.
All of the suits grow out of a trans-
action relative to certain promiss-
sory notes given by Winnie & Feath-
erstone to Weekes, McCarthy & Co.
Winnie brought suit against
Weekes, McCarthy & Co., alleging
that on the 18th day of October, 1898,
he was the owner of ninety-five of
the first mortgage bonds issued by
the Gulf and Interstate railway of
Texas, of the par value of \$1000 each;
that on or about the 13th day of No-
vember, 1897, plaintiff had pledged
said ninety-five bonds of the com-
pany with the defendants in order to
secure payment of a certain prom-
issory note for the sum of \$28,000,
made and executed by the firm of
Winnie & Featherstone, of which
plaintiff was a member; that later
the note was paid, but that notwith-
standing this, defendants failed and
refused to deliver to plaintiff the
ninety-five bonds, although plaintiff
made proper demand therefor; that
defendants fraudulently converted
and appropriated the bonds of plain-
tiff to their own use, for which he
asks damages to the amount of
\$125,000.

Winnie & Featherstone's petition
to cancel notes recites that on or
about the 13th day of November, 1897
plaintiffs delivered a promissory
note for \$28,000, payable on or before
six months, with interest at 10 per
cent, and did thereupon execute and
deliver to H. Ridel, as trustee, a deed
of trust, whereby they did transfer
in trust to Ridel, to secure the note,
among other property, all of the
bonds and stock owned by them in
the Gulf and Interstate railway; that
or May 28, 1898, a certain promiss-
sory note for the sum of \$6440, bear-
ing interest at the rate of 10 per cent
a year from August 29, 1898, secured
under and by virtue of the deed of
trust referred to, was issued by plain-
tiff.

Plaintiffs also state that after the
notes and interest were paid in pur-
suance and by virtue of a certain con-
tract entered into between plaintiffs
and defendants, whereby defendants
were to accept in settlement of notes,
certain claims, demands and vouch-
ers owing by the Gulf and Interstate
to plaintiffs, that notwithstanding the
notes were paid, defendants re-
fused to surrender or transfer to
plaintiffs the notes, and still hold
and claim them. Plaintiffs ask for
cancellation of notes and surrender
of them to plaintiffs and that pending
the suit defendants be enjoined from
selling, transferring, assigning or
conveying to any one any of the se-
curities, claims, vouchers, accounts,
stock or bonds so named.

Featherstone's suit is for \$100,000.
He alleges as detailed in the petition
of Fox Winnie in his suit for dam-
ages except that Featherstone alleges
he pledged with Weekes, McCarthy
& Co. certain first mortgage bonds
of the Gulf and Interstate to the value
of \$74,000.

GONE TO SAN FRANCISCO.

Mr. A. F. Hinz yesterday completed
all details relative to transferring
the site, letting contracts, etc., and
left last night for San Francisco. Mr.
Hinz stated to an Enterprise reporter
that he would return about Septem-
ber 1.

E. Goldsmith, who has been Mr.
Hinz's right hand man through all
the transactions, will remain in
Beaumont, in full charge of the mill.
J. A. Petty, architect, will probably
begin breaking ground tomorrow and
just as soon as Mr. Carroll's residence
can be moved, construction will begin
on a large scale and be rapidly push-
ed to completion. All of the contracts
have been let for building material,
etc., and there is nothing in the way
except to get the ground cleared of
buildings, etc.

now taking active form and the prop-

an early date and take active steps
in the matter. Beaumont's difficulty
in securing suitable sites for factor-
ies, etc., of late, has evidently con-
vinced the railroads that if they want
desirable locations there is no time
to be lost.
